

SIROLaser Advance

The low-pain alternative

*Laser
therapy*

sirona.

The Dental Company

Clearly less stress.

Pain-reduced, gentle and fast healing laser therapy with the SIROLaser Advance:

- Prevents painful inflammation
- Less need for analgesics and antibiotics
- Avoids additional and costly treatments
- Prevents unpleasant pressure, noise and vibrations

With SIROLaser Advance, there is no reason to be afraid of treatment – Feel relaxed during your dentist visit!

Much faster recovery.

Laser therapy with SIROLaser Advance helps to speed up your recovery from numerous procedures, e.g.:

- Frenulectomies of the lips and tongue are performed without bleeding and less painfully!
- Aggressive germs and bacteria in the root canal are reduced thoroughly, and so gently that you won't even notice it!
- Germs and bacteria in affected gingival pockets are removed gently, reliably and safely!

Plus: Herpes and aphthae viruses are killed systematically and almost pain-free resulting in an improved healing.

Ask for this low-pain alternative!

Ask your dentist about your individual laser therapy with the SIROLaser Advance and understand all the benefits of modern laser dentistry.
