TENEO

A complete spectrum of possibilities for your dental practice.

Regardless of your individual requirements, Sirona's clearly structured portfolio of treatment centres offers the perfect solution in every case. You benefit from sophisticated ergonomic features, a streamlined workflow and modern design. The Sirona treatment centres will reduce your workload and deliver outstanding comfort to your patients. Irrespective of which equipment options you choose, you profit from the renowned quality and durability of Sirona's dental systems. **Enjoy every day. With Sirona.**

Which treatment centre is the right one for you?

What are the defining features of your dental practice? And how do our treatment centres differ from each other? On the following pages you can find out which model is best suited to your requirements.

"I'm looking for a treatment centre that fulfils the highest demands."

Cutting-edge technology

Do you want to offer your patients optimum comfort and first-class treatment? Would you like to emphasize the fact that your dental practice provides state-of-the-art treatment services? Are you interested in streamlining your entire workflow – also in the area of endodontics and implantology? Do you want to ensure that your treatment centre remains at the forefront of modern technology? Are you intent on creating a unique, feel-good atmosphere in your dental practice? Do you attach top priority to comfort and ergonomics so that you are in a position to concentrate fully on your patients?

If so, the TENEO treatment centre is the perfect choice.

TENEO – touch the future.

- Intuitive EasyTouch user interface – freely configurable and upgradeable
- Built-in endodontic and implant therapy functions (i.e. no need for separate tabletop devices)
- Outstanding comfort for patients, thanks to the thermo upholstery, lumbar support and massage function
- Patient's chair featuring an innovative elevation system
- Motor-driven sliding track for ergonomic treatment procedures
- Foot control for hands-free operation
- Award-winning design
- Dentist's element with 6 +1 handpiece positions

**"I can enjoy life
more by streamlining
my daily work routines."**

More flexibility in your dental practice

Are you looking for a treatment centre that is easy to operate and allows you to concentrate on the essentials? Do you want to work efficiently and have more time for your patients? Do you value a perfect synthesis of design and functionality, as well as compact, space-saving dimensions? Do you want outstanding value for money, combined with maximum freedom of choice. Do you need dental equipment that adapts to your individual mode of working, supports effective hygiene procedures and is open to future developments?

If so, the SINIUS or SINIUS CS treatment centre is the perfect choice.

SINIUS/CS – the new class in efficiency.

- Intuitive EasyTouch user interface
- Manual sliding track (SINIUS) or unique whip arm concept (SINIUS CS)
- Built-in endodontic treatment function (i.e. no need for a separate table-top device)
- Compact dimensions, ideal for small treatment rooms
- Dentist's element with 5+1 handpiece positions

“I don’t want to spend too much, but would like maximum value for money.”

Customized convenience

Are you looking for a classically designed Sirona treatment centre that offers refined ergonomics and innovative technological features at an affordable price? Do you value top quality and a reliable return on investment? Do you want to work flexibly and use a compact treatment centre that is suited to left-handers and right-handers. Is value for money a prime criterion?

If so, the C3+, C4+ or C5+ treatment centre is the perfect choice.

C3+/C4+/C5+ – tailored to your individual requirements.

- Classic manual sliding track, whip arm or OTP system for right-handers and left-handers
- User interface with fixed function keys
- New: LEDview operating light, thermo upholstery, wireless foot control
- Dentist's element with 5+1 handpiece positions

“The main thing is the Sirona brand name. That is something I can rely on.”

Your stepping-stone to the Sirona world

Do you want to place your trust in the experience of more than 30,000 dentists worldwide? Would you like to profit from the outstanding quality of our treatment centres – for a minimum capital outlay? Are you looking for a treatment centre that is simple to operate and maintain and can be easily accommodated in a small treatment room? Do you prefer an intuitive user interface that is reduced to the essentials? Do you want a choice of two different versions (whip arm or OTP)?

If so, the C8+ treatment centre is the perfect choice.

C8+ – quality that pays dividends.

- The entry-level Sirona treatment centre: intuitive operating concept, reduced to the essentials
- Whip arm or OTP system
- Dentist's element with 5 handpiece positions

Sirona – unique worldwide systems expertise in dental equipment products

Sirona develops and manufactures a comprehensive range of dental equipment, including CAD/CAM Systems for dental practices (CEREC) and laboratories (inLab), Instruments and Hygiene Systems, Treatment Centers and Imaging Systems. Sirona manufactures high technology products that guarantee ease of use and a high return on investment – for the good of your practice and for the benefit of your patients. In this way, you can approach every challenge you face with confidence. **Enjoy every day. With Sirona.**
